

Honors Gifted Chemistry

2010-2011

Dr. Michael Krop Sr. High School

Room 2-251

Syllabus

Instructor: Mr. Carlos Montero

Phone # (305) 652-6808

Email address: cmontero1@dadeschools.net

Class Website: www.mrmontero.com

Class Rules:

1. No distractions. Let's do what we came here to do. To help you with that, there will be no cell phones, mp3 players, video games, etc. unless I allow you to use them.
2. When working in groups stay focused! Everyone participates. Some assignments will be in group but your grade is ultimately individual
3. When preparing whiteboards finish them quickly. Use an eraser or a paper towel to erase, not your fingers.
4. During student presentation pay full attention to your peers, be respectful and engaged in the discussion
5. Follow all safety rules in the laboratory
6. Only one person is allowed to go to the bathroom at a time. Do not leave the room during lectures or class discussions. Only go where you have given permission to go.
7. Keep the room CLEAN. Under no circumstances you will stick gum under the desks. If you eat in class clean after yourselves.

Materials:

1. Scientific calculator – Cell phones are not allowed as calculators during tests
2. Dry erase markers
3. 3-Ring binder
4. Lab Fee \$4

Grade Breakdown:

Unit Tests	50%
Lab Assignment	20%
Quizzes	20%
Class Participation	10%

Course Progression:

For a detailed breakdown of this course visit www.mrmontero.com/outline.html This will also be the place to find all the worksheets, lecture slides and documents necessary for this class. You will be given extra credit when you print the materials for each unit in advance.

Contact:

I will always be available for questions or clarifications via e-mail or in person before or after school. My job is to help you learn, I will devote as much time as possible to help you succeed. Please, seek my help as much as you need.
